Montreal man on Busy Street.

Montreal, Oct. 10.—Robert Stronach, superintendent of the Northern Electric Co., here, was shot and killed by a Socialist street yesterday. As he lay on the sidewalk, two bullets in his arm, Pietro Panetta, a "Dago" who has been the head hunk on the head with hoodlums, shot him.

Panetta then ran away, but was arrested two hours later and taken to the hospital, where it was said his condition is not regarded as serious.

There was a large gathering around and a charge of attempted murder placed against him.

(Continued on Page Eight.)

SECOND INNING.

New York—Bender worked carefully and slowly. He had good speed and kept the ball on the corners of the plate. Burns flung it to Murphy.

Shafter fanned Bender, fluding his weak spot by keeping the ball around the plate. Murphy was quick to pick him up by a pitched ball and went to first, muttering to Bender, "McLean ought to right, Murray to go."

New York, Baker fanned, Marquardt fanned, and the center of the plate and very low for Baker.

Each of the Philadelphia pitchers finished this game without assistance but, of the New York moundsmen, only Mathewson, winner of the wonderful 10-inning victory against Plank, completed a game. AMERICAN LEAGUE CHAMPIONS TAKE LEAD OVER NATIONALS PENNANT WINNERS IN SERIES

Connie Mack Tots Out Dark Horse in One Leslie Bush, Who Participates in a World Series for First Time—Holding the Giants to Five Hits and Two Runs.

New York, Oct. 10.—The new star was the only one going for more than one base.

The victory of Bush, who bails from the same town as "Chief" Bender, was exceedingly popular with the Athletic players and the club adherents. It has been known for some time that he had great possibilities as a pitcher, but until a stool yesterday's test, his status was simply that of any big league player. "Chief" Bender, as he has been nicknamed, because of his great speed, broke into baseball as a member of an amateur team in his own home. During the season of 1910 he played in Canada and the United States. His first professional engagement was with the Missoula team, of the Union Association. Here he was spotted by one of the Athletics scouts and joined the Mack men in September a year ago. Though his admirers are predicting for him a future record like those achieved by Christy Mathewson, Walter Johnson and Cy Young.

Disappointment among the Giants contingent over the downfall of Tressau was as keen as the elation and joy of the Athletic rosters because of Bush's splendid work. The Ozark mauler's delivery batting as did the Giant tortoise before today's game. He had his most brilliant display breaking at all kinds of angles, but he could not control his direction. The Athletics hitting attack lette refused to hit except when the ball was over the plate and then they laid out the line. In this lay the secret of their success. So vigorously did they float the ball that Doyle, Fletcher and Herzog at critical stages were loosed upon the Athletics, and played desperately and his stops and plays in the second and seventh innings.

Bush made his leap into the limelight under the most favorable circumstances. His hand hitting team mates tore into Tressau with a fusillade of hits in the first two innings that netted five runs and relieved the youngster of the strain of pitching with the margin of safety narrow or missing. "This is nothing," he said. "I have heard of this before. It is only the first of the first four of Athletic Connie Mack's hitting list. Murphy, Collins and Baker have each had three hits in the first four of the series that made the victory so one-sided. The marked contrast to this vigorous assault in the offerings of Tressau and Crandall was the five hits scattered through nine innings that marked the Giants' efforts with the bat. The single National league representative scored two hits and Shaffer's double

score of the brand that has made Hane Wagner's name famous wherever baseball is played. Eddie Collins carried off the fielding honors for the Athletics, although there were plays made by other members of both teams that were noteworthy.

Four Double Plays. The very fact that but one error was recorded for each team, testifies to the caliber of the fielding in the third game of the series, including as it did four double plays.

The defeat of the Giants was a severe setback to the New York club sympathizers, for Mathewson's wonderful work of Wednesday had increased the belief that the National league standard bearers were to conquer the new star by the "old master." Yesterday, 24,888 paid to pass into the polo grounds, exceeding by several thousands the attendance at the opening game. Every seat in the grandstand and bleachers was occupied, and standing capacity every nook permitted by the fire and police regulations. The game gave receipts totaling \$77,754.50, and the club owners saw thousands of eager fans with real money in their hands, turned away because there was not a foot of space inside the park that could be sold to them. Scores of speculators did battle to get into the park, and many were selling tickets at many times their face value to prospective spectators who were willing to pay high prices in order to gain access to the scene of the battle.

With today's game at Philadelphia, the players' share of the receipts will cease, but neither they nor the club stockholders have come for the consolation, along 24,700 spectators have paid \$200,625.50 for the privilege of seeing the Athletics score the 14 runs in the Giants' 2, in three games. Of this sum the players have already received \$100,250 according to their contract. The owners of each club \$24,115.50, and the National Commission \$20,045.50.

Play By Play. Connie Mack's both Bush and Schuyler warming up for the game, the way the former was shooting them into the air. In this lay the secret of their success. So vigorously did they float the ball that Doyle, Fletcher and Herzog at critical stages were loosed upon the Athletics, and played desperately and his stops and plays in the second and seventh innings.

CHICAGO CUBS AND SOX PLAY 13 INNINGS

Cubs Win Making Series Stand One and One—Vaughn Saves the Day.

Chicago, Oct. 10.—In a 13-inning battle the Chicago Nationals made the standing in the Chicago championship series one and one yesterday afternoon, downing the American leaguers 6 to 0. The victory of the Cubs was due mainly to the courage and coolness of "Big Jim" Vaughn, who refused to give way to the vigorous attacks of the south slacker. The game was a mangled one and poor plays were as important factors in it as good ones. GUNBOAT SMITH DEFEATS MORRIS

Morris is Disqualified for Foul—Smith Had Best of Bout.

New York, Oct. 10.—Gunboat Smith, of California, defeated Morris, of Oklahoma, in the 10th round of their 10-round fight here last night. The referee disqualified Morris for fouling. The California heavyweight had the better of the match in every round except the second. Morris weighed 24 pounds heavier than his opponent and was very clumsy and awkward, often trying to get the better of Smith by sheer force of strength and weight. Smith did the clever work by far. In the first round Smith did a lot of holding, but managed to get in several good blows. The second round went to Morris. He rushed Smith, hit the ropes, and at close quarters got in left and right to the head. Morris did a lot of rough work in the third and was cautioned.

There were cries of foul in the fourth round when Morris hit Gunboat low, but the referee disregarded them.

WELSH TO MEET SAYLER. Winnipeg, Oct. 10.—Freddy Welsh, champion of the lightweight championship of the world, who is billed to box here against Young Sayler, October 17 at the Auditorium rink, will not be seen in action until the 20th. Thanksgiving day, owing to the fact that he could not reach the city in time for the first date.

HARRIS NUIRES LEG; QUILTS MATCH

When Thrown to Mat by Forbes in Wrestling Bout—Ankle Buckles.

Jack Forbes, at the Moose hall last night, threw Joe Harris to the mat from his hip with such force that Harris was compelled to quit the match with an injured leg. Harris thought at first that his leg was broken, but a surgeon, who was a spectator, after an examination stated that he had received a badly torn ligament in the ankle. Forbes was declared the winner of the match.

The two men had wrestle 1 about 10 minutes, and although some pretty classy stuffing was shown, neither man secured a fall.

Curly Rue, who refereed the match, offered to go on with Forbes and furnish an exhibition, but Forbes refused as he has a match arranged with Rue for October 26, at which time Rue has contracted to throw Forbes three times in an hour or forfeit a \$500 bet.

Rue wrestled in a preliminary match with Kid Lewis. Lewis was much lighter and was unable to do anything with the husky one. Rue showed that he knows the game and toyed with his opponent, throwing him over his head. Rue should be the best yet. The match was a very close one, and Rue was thoroughly enjoyed by those who were present, in spite of the fact that the referee had to stop the match about 10 minutes. There were several other good stunts on the program before some good staling by the Imperial quartet.

TICKET SPECULATORS ARRESTED AND FINED City Gets Its Dip Into the Pot of Money Kept Bailing by World's Series.

New York, Oct. 10.—District Attorney Whitman determined to settle once and for all the story that through irregularities world's series tickets fall into the hands of speculators every time such a contest is staged in New York, has decided to place the matter before the grand jury on Wednesday next.

John Foster, secretary of the New York National league club, held a conference with the district attorney yesterday, after which he issued a statement denying that he had sold any tickets for the present series had reached city employees, and through them had been placed in the hands of speculators. In the form of an affidavit he issued another statement explaining how the 4,000 odd reserved seats had been disposed of, appealing to a lot of persons to whom they had been distributed.

Sixteen speculators were arrested outside the Polo grounds yesterday afternoon, on one of them, according to the police, 150 \$2 seats were found. All were fined \$10 each for violation of the city ordinance against soliciting the sale of tickets.

PRES. ST. JOHN BOARD TRADE PROTESTS AT SHIPPING REMOVAL

Delegation of Citizens Meet Government Committee.

Ottawa, Oct. 10.—A delegation of leading citizens of St. John, N.B., met the committee of the government yesterday afternoon and asked for a statement of the terms given for the removal of the freight car for the carriage of freight and passengers from St. John to Halifax over the Intercolonial. The statement was made by the Intercolonial officials with the Canadian Pacific and the government had not been informed of the terms. The delegation was received by Premier Borden, Hon. J. D. Hazen, Hon. C. J. Foster and Hon. L. P. Pelletier. It consisted of both liberals and conservatives, among them being Mayor Fries of St. John, J. M. Robinson, president of the board of trade, Senators Daniel and Thorne, Hon. John Wilson, of the New Brunswick government, and Hon. W. M. Pugsley.

President Robinson, of the board of trade, the first speaker, said the change of the railings which had deprived St. John of the largest mail steamers had created great indignation in St. John which was voted at a public meeting. He said the delegation had been sent to learn the terms which had been given the Canadian Pacific railway, which would enable that company to carry passengers and cargo 200 miles by St. John where it had formerly been supported. Mr. Hon Pugsley said that though the new arrangement might yield a profit to the Intercolonial, there would still be discrimination if the Canadian Pacific railway were given lower rates than other shippers over the Intercolonial. Premier Borden told the delegates there was no desire to discriminate against St. John. The agreement with the Canadian Pacific railway for running rights had been made by General Manager Gattelus and the government was not at fault in its terms. He thought there would be business for both ports. The arrangement was only temporary one. Its contents would be communicated to St. John as soon as the government could learn the terms. If a proposition on a business basis was made to give the C.P.R. access it had been sought to fulfill and the government turned down the request it might be criticized in other quarters. Premier Borden said the government had been very much occupied recently. He promised to get the information as soon as possible.

CITIES OF GREAT BRITAIN DISPOSE OF BONDS EASILY

Similar Financial Standing Wanted in Western Cities.

Regina, Oct. 10.—The advisability of petitioning the provincial government for a local governing board he eight cities of the province of Saskatchewan. The petition was presented at the session of the representatives of the various cities of Saskatchewan. The outstanding reason advanced for this board is that it would assist in the selling of the debentures of the municipalities without the difficulty that was encountered in a great many instances during the past year.

The following are the reasons that were presented to the meeting in support of the formation of the board:

The difficulty encountered by western Canadian cities in disposing of their debentures is largely due to the fact that the financiers require some assurance that the money was required for bona fide improvements.

That the cities of Great Britain had no difficulty in obtaining money for municipal works at a low percentage owing to the fact that consolidated expenditure had first to be approved by the local governing board.

The establishment of such a board is advocated by prominent British and Canadian financiers.

After a lengthy discussion, a resolution was passed asking the provincial government to take into consideration the establishment of this commission. An appointment was arranged for 9:20 this afternoon with Hon. Geo. Langley, the minister of municipal affairs, and the resolution will then be presented and the case laid before him for consideration.

The movement to establish this board received its first setback last evening in the meeting of the city council of Regina when the aldermen decided that the credit of this city on the financial markets of the world was so good that a commission of this kind was unnecessary as far as this city was concerned.

Regina, Oct. 10.—The following resolution was unanimously adopted at a meeting Wednesday by representatives with the representatives of Regina:

"It is resolved that the meeting of representatives of the cities of the province of Saskatchewan view with favor the proposal that the assessment be made in the fall of each year and that the assessment of 1912 be legally adopted as the assessment of 1913 in so far as the general rate is concerned."

BRINGHURST, TWO-YEAR-OLD, DOES 5½ FURLONGS IN 1:01 3/5.

Donville, Oct. 10.—J. B. Camden's Bringhurst, a two-year-old gelding, established a new world's running record for 5½ furlongs at Churchill Downs track Wednesday afternoon, going the distance in 1:01 3/5. This reduces by one-fifth of a second the record established by Lady Irma at Santa Anita park, Calif., in December, 1908.

HEADACHES AND HEART TROUBLE

Nerves Prostration of Three Years' Standing Cured a Year Ago by Dr. Chase's Nerve Food.

Anyone who knows the discouragement and despair which accompanies the helplessness of nervous prostration, transferred to the gratitude felt by the writer of this letter.

Mrs. H. C. Jones, Scotch Lake, O. B. writer: "I suffered from nervous prostration for nearly three years. I had frequent headaches, had no appetite and was troubled with my heart. After consulting two doctors, without obtaining satisfactory results, I began the use of Dr. Chase's Nerve Food, and was completely cured by this treatment. It is nearly a year since I was cured, and I want others to know of this splendid medicine. I now attend to my housework with pleasure and comfort, and am glad to have the opportunity of recommending Dr. Chase's Nerve Food."

CHURCHILL SAYS HOME RULE TO PREVAIL; WILL SUPPRESS DISORDER

Dundee, Scotland, Oct. 10.—Winston Spencer Churchill, addressing his constituents Wednesday, reaffirmed that nothing would deter the government from carrying through the home rule bill as planned, and doing its duty in upholding the law, suppressing disorders by whomsoever fomented. Mr. Churchill, whose speech was a declaration of the government's policy, added that in the natural course of events a general election would occur before legislation could be passed by the Irish parliament, and in the event of transcendence of power, it would be open to the opponents of the bill to repeat it. That would be their only constitutional remedy so long as they operated within the limits of agreement. In the latter part of his speech Mr. Churchill made what he regarded as an overture. He said: "The claim of northeast Ulster for special consideration is a claim, which, if advanced with sincerity and not as a wrecking manoeuvre, cannot be ignored without full consideration by any government dependent upon the political support."

WORLD'S WIRED BRIEFS

Alderman Fined For Auto Violation
Regina, Oct. 10.—Alderman Peart was fined \$10 and costs Wednesday in city court for running his automobile one hour after sunset without lights on the evening of October 7. Peart declared he was on his way to his store a few blocks distant, when he intended lighting his lamp.

Is She Herself?

Vancouver, Oct. 10.—A dispute between heirs, as to whether Mrs. Caroline Amelia Weller, of Vancouver, is the sister or the niece of late Alderman George Wallace McNeil, of North Vancouver, is to be settled by the appointment of a commission to take evidence at the old home in Ontario of the McNeil family. Mrs. Weller was recently appointed administratrix of the estate on the representation that she was a sister of the deceased.

This she re-affirms on affidavit, and produced a letter from the deceased addressed to her as "my dear sister."

Take Over Valuable Property.

Vancouver, Oct. 10.—B. G. Steel and his associates are negotiating with Nielsen, the owner of Silver Island, in Habbington Lake, to take over his valuable silver property. Mrs. Steel will send an expert into the ground and make a report and when he gets back to Montreal and New York, he says, he will get his friends on the ground and close a deal if the expert's report is right.

Regina Has Country Club.

Regina, Oct. 10.—The city of Regina has received permission from the department of railways of provincial government to operate the country club line and will do so at the request of the promoters as soon as settlement is made. It is rumored that the municipality of Sherwood, through which the line will run, will object to the operation of the line, but it has not yet done so.

Great Northern May Tap Alberta.

Calgary, Oct. 10.—The presence of Louis Hill, son of James J. Hill of the Great Northern railway, in the Cardston country and the fact that Mr. Hill is accompanied by a number of engineers and surveyors has revived the story that the Great Northern contemplates building into Alberta.

Investigate Western Banks Attitudes.

Calgary, Oct. 10.—The Calgary board of trade will follow the lead of the Vancouver board of trade in the matter of investigating the attitude of the banks towards western property. An effort will be made to interest all of the banks of trade in the west in the movement, and the provincial legislature will be memorialized to become an active participant in the investigation.
